## COMMENTARY

Our authors regularly contribute insights and updates on key Customs & International trade issues and opportunities – from suggestions on domestic to international trade strategies. You can browse or search our database of articles and other key insights using our search templates.

The *Annotated Customs Act*, written by Daniel Kiselbach, is a resource that customs professionals rely on. This work contains section-by-section commentary explaining the meaning of each provision and how it operates in practice. *Canadian Customs Compliance Handbook* from Bennett Jones, written by Darrel H. Pearson, provides an overview of legal and administrative issues addressed on a day-by-basis by customs compliance professionals. The Handbook focuses exclusively on Canadian customs compliance and contains material dealing with the regulation of imports into and exports from Canada.

## WCO MATERIAL

- The WCO Explanatory notes 2017 edition is issued by the World Customs Organization Council and is the official classification guidelines of the trade community. This publication provides clear, concise explanation and technical description of goods and is essential to the correct classification of goods.
- The Compendium of Classification Opinions is updated regularly by the WCO and consists of a numerical list of the most significant/difficult classification decisions taken by the Harmonized System Committee and adopted by the World Customs Organization in order of the headings and sub-headings of the Nomenclature.
